

Subdividers "Walk Out"

Garden Estates Plat Puts
Pep in Arlington Board Meeting.

Consideration of the plat of the new Garden Estates subdivision was the main business before the Arlington Heights village board at its meeting Monday night.

The plat was considered at the start of the board meeting and again at the finish and the discussion was only ended when the subdividers rolled up their plans and walked out with the remark that they guessed "Arlington Heights didn't want improvements."

The discussion centered chiefly about whether or not a system of sewers and water mains should be laid in the new subdivision.

There are certain main sewers through the 30 acre tract which comprises Garden Estates.

There is at present about \$800 per acre in unpaid installments and interest piled up against this property.

It was the opinion of some of the board members that the plat should not be approved without lateral sewers being put in.

Some even thought that water mains should also be laid. The subdividers held that such improvements would bring the cost of their lots which are half acre plats up to a prohibitive price which would prevent their sale.

The plat of the subdivision had been approved by the plan commission, the subdividers having met the recommendations of the plan commission in such matters as building restrictions, building lines etc.

The plat as approved by the plan commission provides a \$4000 minimum for residences exclusive of garages.

The home must be built first to preclude the building of a garage and then living in the garage without building a home.

A building line of 25 feet from the property line is provided.

The subdividers planned to have individual septic tanks built for each home; this started the fire-works.

As it now stands the situation is deadlocked with no action by the village board.

There may be some plan worked out whereby the sewers may be put in by WPA work with the subdividers furnishing the sewer pipe.

Before anything further can be done the walking out subdividers will have to walk back in with some new proposition.

The police department in their report showed fines collected last year amounting to \$1,197.00 and business licenses of \$1,549.56. The water department showed \$844.65 in delinquent water accounts.

A shut off order on 46 consumers issued some time ago revealed that 7 had paid in full; 25 had made partial payments and 14 had paid nothing. No shut-offs were reported as yet.

The street department gave a routine report relating to cleaning, repair, etc.

The report of the sanitary committee showed that an average of 721,000 gallons of sewage is being treated every 24 hours at the treatment plant.

A citizen requested the movement of a highway, which interfered with his driveway.

The finance committee report approved for payment bills and payroll to the amount of \$1,549.07.

Hot Lunches At
St. James School

Beginning on Monday, Jan. 12, hot lunches will be served to the children of St. James school. The formation of the several committees of ladies who will have charge of the serving of lunches, is nearing completion. There will be three or four ladies on each day's committee which plan will spread out the work so that each lady will devote one morning every two weeks to the school lunch project.

This plan for hot lunches is one of the most worth while activities ever undertaken by the ladies of the parish.

Any ladies who have not already volunteered are invited to join in the movement of this group of mothers by calling Mrs. Wisersky at 406-J, Mrs. Toussaint at 763-M or Mrs. Hohmann at 1151.

The annual meeting of the County Mutual Insurance Co. of Mt. Prospect will be held on Tuesday, January 12. Notices of the annual meeting has been sent to all members and a large attendance is expected to turn out to hear the reports of officers and discuss plans for the coming year.

TRY TO GRAB
RELIEF CONTROLThose Who Favor Local
Responsibility Face Battle
with Horner Forces.

With the convening of the state legislature this week an effort will be made by certain leaders close to the Governor to set up a new state relief organization and abolish the present township relief control.

The Horner leaders have held meetings and planned the sort of an organization they want to take away the relief control from the local townships. The plan as outlined by its sponsors, is substantially as follows:

1. A permanent central state body, possibly related to the present state department of public welfare, will exercise general state supervision, including the duties now performed by the IERC.

2. A central administrative unit in each county, known as a public welfare or as a relief commission, would be responsible for the actual administration of relief, old age pensions, blind pensions, and care of dependent children. (Cook county has a bureau of public welfare that makes the closest present approach to this feature of the plan.)

3. Standard budgets would be set up to eliminate the existing wide discrepancies between the amounts of aid given in various counties.

4. Standard requirements for personnel to assure a certain minimum efficiency for all county staffs.

With the forces of the Governor making a determined effort to again gain control of the relief machinery it seems certain that the people who favor local control of the relief organization will have a battle on their hands to keep control of local affairs.

It was only last year that the legislature rose up in all its might and overthrew the old relief set up in spite of the efforts of the Governor; and turned back the control of relief to the local township supervisors.

The reason for the change was that the legislature thought the relief organization as then constituted was too expensive and that local control would be less expensive and more efficient.

Also the government had turned the relief question back to the states and the state passed it back to the local governments with the provision that each township must levy a special relief tax of 30 cents on every \$100 valuation.

The townships have levied the tax, have looked after the relief needs of their communities since July and now that the townships have provided a tax to take care of their share of relief, some people want to take the whole thing out of their hands and set up a county or state controlled relief.

Under township control relief has been more fairly administered and at a more reasonable cost. The Cook county township supervisors will fight the removal of relief from their control and a meeting leading up to an organized protest against the removal of local control was held in Leyden township Monday evening.

The removal of local control of relief means one more attempt to gobble up the small local governments.

Every local government should join with the supervisors in their fight to keep local control of local affairs and local funds.

Don't Blame The
Editor--He's Not
Guilty This Time

If this week's edition of the paper doesn't please you or if there is something you don't like about it, don't blame the editor.

He didn't have anything to do with it. The editor tried to put on a bout with old man Flus last week and the old boy put the editor down for the count in the second round. The boss is up again, but is a little groggy and weak in the pins and the doctor wouldn't let him come to the office this week.

So the rest of the gang, mechanical force, advertising department, office force and reporters have all conspired to get out the paper anyhow and here it is. If you don't like it, do your kicking to us, but lay off the editor. If it meets your approval, tell the editor so when you see him again.

Then maybe he will see that the gang has absorbed some of the atmosphere of a newspaper plant and that all of his teachings these many years haven't been wasted after all.

The Chicago Regional Planning Association, following a survey of existing recreational facilities in 111 municipalities in the Metropolitan Chicago, is launching a campaign for adoption in those communities of a program of park and playground development on the basis of ten acres for each 1,000 population.

"At present only twenty-seven, or about 24 per cent of the towns surveyed have reached that ratio," Robert Kingery, secretary of the association, reported. "Zion, with 35.9 acres per 1,000 population and Lake Bluff, with 32.2 acres of park for each 1,000 residents, lead the list."

The Regional Planning Association is conducting the survey that published report of the survey that three of the ten acres should be in playgrounds accessible to all residential districts. Larger parks and school grounds should account for the remainder, according to the recommendation.

The report urges immediate consideration of the question by municipalities, asserting that "resumption of building activity may shortly break up the most accessible tracts best suited for playground purposes."

Survey Twenty Municipalities

Twenty of the municipalities surveyed are northwest suburbs. Of those towns seven have surpassed the "ideal" figure of ten acres of parks and playgrounds for each 1,000 inhabitants.

Silver Lake has a larger ratio of recreational lands to population than any other northwest suburb studied. Its total population is 380. With ten acres of parkways, the ratio per 1,000 population becomes 26.3. Watonska, with a ratio of 24.1 follows.

For bottom place on the northwest list Elmwood Park and Roselle are tied with 0.6 acres of recreation area for 1,000 residents. Elmwood Park has 12,640 population with 7.5 acres of playgrounds and Roselle has 1,000 inhabitants and 0.6 acres of parks.

Summary of Facilities

A summary of the facilities, showing the total acreage of parks, playgrounds and school grounds, population as estimated in January 1936, and acres of parks per 1,000 persons, follows:

Algonquin--Total acres, 12.8; population, 880; ratio, 14.6.

Arlington Heights--Total acres, 35.5; population, 7,750; ratio, 6.2.

Barrington--Total acres, 6.4; population, 3,610; ratio, 1.8.

Bensenville--Total acres, 19; population, 2,090; ratio, 9.1.

Crystal Lake--Total acres, 45; population, 4,020; ratio, 11.2.

Des Plaines--Total acres, 38; population, 10,150; ratio, 3.7.

Elgin--Total acres, 320.3; population, 38,210; ratio, 8.4.

Elkhorn--Total acres, 27; population, 2,470; ratio, 10.9.

Elmwood Park--Total acres, 7.5; population, 12,640; ratio, 6.

Huntley--Total acres, 2.5; population, 690; ratio, 3.6.

Itasca--Total acres, 4; population, 700; ratio, 5.7.

Lake Villa--Total acres, 4.8; population, 520; ratio, 9.2.

Mount Prospect--Total acres, 21.5; population, 1,610; ratio, 13.3.

Palatine--Total acres, 12; population, 2,460; ratio, 4.9.

Park Ridge--Total acres, 18.6; population, 11,210; ratio, 1.7.

Roselle--Total acres, 0.6; population, 1,000; ratio, 0.6.

Silver Lake--Total acres, 10; population, 380; ratio, 26.3.

Walworth--Total acres, 9; population, 960; ratio, 9.4.

Wauconda--Total acres, 14; population, 580; ratio, 24.1.

Williams Bay--Total acres, 10.5; population, 660; ratio, 15.9.

TAX PENALTY
DATE WILL NOT
BE EXTENDED

February 1 is Dead Line;
Town Collectors Ready
To Receive 2nd Installment.

The collection of the second installment of the 1935 taxes will start next week. The penalty date for the second half of the 1935 tax bill will be February 1 and there will be no extension of that penalty date. The local tax collectors have received instructions to proceed with the collection of the second installment in their townships and the collectors in this territory are making arrangements accordingly to receive the second collection.

William Annen, Wheeling township collector, will be ready to receive taxes from January 15 to 30, probably at the Peoples State bank building. If Mr. Annen is unable to be at his old stand, because of alterations connected with the opening of the new bank, he will announce next week, where his office will be.

Grace Neutler, Palatine township collector, will have headquarters at the First National bank building in Palatine, in the office of E. P. Steinbrink. The Palatine dates will also be from Jan. 15 to 30.

Paul Holste, Elk Grove township collector, will maintain his office at the Mt. Prospect state bank from Jan. 15 to 30.

Saturday, January 30, will positively be the last day on which taxes can be paid to the township collectors as the local collectors will not have the books in their possession during the second collection and must have all of their collections posted in the books in the county building by Sunday evening, Jan. 31. All property owners received their tax bills last August.

Bring your bill with you when paying your taxes as the collectors will not have any books from which to make out new bills. Every property owner is urged to pay his bill to his home collector and in that way make the tax money quickly available for the local taxing bodies many of which are hard pressed for funds because of the small collections in recent years.

The Chicago Regional Planning Association, following a survey of existing recreational facilities in 111 municipalities in the Metropolitan Chicago, is launching a campaign for adoption in those communities of a program of park and playground development on the basis of ten acres for each 1,000 population.

ARLINGTON HEIGHTS

The Corephelia society of the M. E. church met with Mrs. Charles McElhose this week.

The Missionary Society of the Presbyterian church will meet in the home of Mrs. H. C. Cleveland Friday next week.

The Woman's Aid of the Presbyterian church will meet, Thursday afternoon this week, the regular January meeting.

Willard Green Fessler and Thomas Francis Flynn of Arlington Heights have returned to their studies at Northwestern university after spending the Christmas vacation at their homes.

Miss Carlstead of Chicago was a guest of Miss Aurelia Rau in her family home New Year's Eve.

Mr. and Mrs. Albert Mors enjoyed as guests in their home, a group of old neighbors and friends New Year's Eve. Among them were their some time neighbors, the Durris, also Mr. and Mrs. Martin Fehman, and others. Whoever had charge of boiling the herring, it was no doubt well done.

Dr. and Mrs. E. A. Elfeld had their usual group in their home on New Year's Eve, to greet the New Year. We are sure the good doctor and his faithful helpmate will do all in their power to protect us from gabbler gossip germs.

Mrs. Dorothea Schroeder of N. State Road kept open house for a home coming company Christmas Day. In the happy company were Mrs. Schroeder's eleven children and fourteen grandchildren, 34 guests in all. It was indeed a happy party, a regular old fashioned homecoming to mother.

Mr. and Mrs. Charles FitzPatrick had a pleasant surprise the day before New Year came in when their cousins, Mr. and Mrs. Will Ulrich from Worthington, Minnesota, came to give them a New Year surprise. It had been twenty-five years New Year's Day since they were here on their wedding trip. The fact of their coming unannounced made their visit all the more delightful. They did not know just where to locate Mrs. FitzPatrick, stopped to inquire of a neighbor and lo and behold she was there.

Mr. and Mrs. Henry Schuettler of North Dunton Avenue entertained a group of relatives on New Year's Day. Among them were Mr.

and Mrs. Victor Reed and it chanced to be their wedding anniversary. Some of the Reed relatives were unable to be present because of illness. Nonetheless it was a happy New Year.

Mrs. Esther Reinke and children from Fort Wayne, Ind., came to join the home coming party at her mother's home. Mrs. Geffert, in West Eastman Street. Mr. Reinke was unable to be in the happy group as he is employed by the railroad and not free to take advantage of holidays off duty.

Mr. and Mrs. E. H. Breese, Miss Minnie, and their son, Eric, were New Year's guests of Mr. and Mrs. Willis Breese of North Dunton Avenue. The Breese family came out from Chicago for the day.

Mrs. Henry Fimbach spent the holiday week as a guest of her son, George and his family at Springfield. A pleasing change for Mrs. Fimbach who is so much a homebody.

Mr. Edward Fritz spent New Year's with his relatives in Wisconsin.

Mr. and Mrs. Rexford Volz were New Year's day guests of his cousins, Mrs. Sicks and her son at Wheeling.

Mr. and Mrs. Charles Lips spent New Year's as guests of her brother, Mr. and Mrs. Robert Schweitzer in the city.

Mrs. and Mrs. Raoul Peeter spent Christmas Day with her sister and family at Highland Park.

Dr. and Mrs. H. A. Kossack and daughter, Miss Alice, drove over to Beverly, New Year's Day to be guests of Mrs. Kossack's sister, Dr. and Mrs. Paul Miller in their home in that place.

January second, Joan, daughter of Mr. and Mrs. Bryce Thomas, was eight years old, and informed her family she had never had a birthday party. So what? Just this, her grandparents, Mr. and Mrs. A. M. Bunn, with the parents of Joan, and all the family of relatives joined in making the little maiden's eighth birthday the jolliest party any little girl could wish for. To add to her joy in it, her teachers, Mrs. Rapp and Miss Forke were guests. There were gifts and

everything such gentle hospitable folks as Joan's grand parents and others of the family could provide. It will ever be a red letter day in the book of this little eight year old girl's memory.

Mr. and Mrs. William M. Weber and son, Billie, drove to Bradford, Pennsylvania, to spend Christmas and the week-end with his mother and his brothers, Frank Weber and his family. The mother and brother and family were overjoyed to see them, and they had a delightful visit. The weather and the whole trip set a happy beginning for the new year.

Mrs. Albin F. Flodin and Mrs. Edward Fritz spent New Year's day as guests of their cousin, Mrs. Wilcox and family in Oak Park.

Mrs. Dorothea Schroeder was a guest of her daughter, Mrs. Clara Consoer in her home in Chicago holiday week.

Mr. Henry Gruber, Jr., has been employed at the Arlington Heights Rest Home, 414 N. Vail avenue, the past week, assisting in the work of interior decorating.

Mrs. C. C. Schwartz entertained her Pinochle club in her home Saturday evening.

Mrs. E. O. Ogren entertained a group of ladies in her home Tuesday last week. Those who know Mrs. Ogren's gentle, genial hospitality, need not be told it was a most delightful affair.

Mrs. A. M. Conger spent the holiday week with her mother at her home in Clinton, Iowa.

Miss Virginia Weber enjoyed a pleasant vacation trip on the DeLuxe train to Minneapolis, holiday week-end.

Mr. and Mrs. William W. Schubert entertained a large company of family and friends in their new home in Arlington Heights, Christmas day. To keep our happiest holiday and more to honor the birthday of their eldest son, "Bill" who is a student in north side grade school, where he has many friends.

Miss Ruth Heffern recently was a guest of Mrs. Schrader at the North Shore Three Link Temple, Conclave Order No. 46 of the True Kindred. Mrs. Minnie Schrader was installed Inner Guard. Miss Ruth was given added pleasure in meeting Mrs. Luella Eastham while there.

Mrs. C. Lauterberg and her family attended the funeral of a former schoolmate, Mrs. Emerich, in Chicago, last Friday.

Miss Faith Lorenzen, in company with Miss Katherine Behrens and her brother, Carl, enjoyed a motor trip south. They are visiting the L. B. Waymans at Alamo Texas and having a pleasant change to summer weather.

Mrs. Albert Kehe and children who are visiting relatives here, returned to their home in Kankakee this week.

Mrs. Mitzlaff was called home to Waukesha at Christmas time on account of her father's serious illness.

Mrs. Speers from Crooksville, spent the holidays here with her sister, Mrs. A. M. Bunn.

Mrs. Frank Wasser of North Dunton avenue, is reported to be recovering from a recent severe illness.

One of the cheerful items we have heard is that Mrs. Arthur Schmitz is the possessor of a new LaSalle car. This will bring joy to her own family and radiate sunshine to all her host of friends. Hazel always shares her good things with others.

Lillian Draper, our skillful artist in drama and the staging of pageants, recently assisted in a most pleasing Christmas pageant for an orphanage city way. Most pleasing and delightful, both to the players and the audience. It is impossible at this time to give further details.

Miss Esther Schulenburg's holiday was rather clouded of its right joy because of her having to be shut in on account of illness.

On Dec. 31, Rev. H. A. Kossack officiated in Chicago at the funeral of Emmett Coxson, a former resident of Arlington Heights.

Mr. and Mrs. Ed. Vogt are the proud parents of a baby girl, born Dec. 28, in the Northwestern hospital.

New Year's Eve was observed by many families in their homes with genial friends about them.

And incidentally congress convened Tuesday, January 5, for the 75th session. Watch headlines, or "head-off" lines.

Tuesday night this week the Men's Club of the Methodist church held their regular meeting. An interesting address was given by a speaker from out of town. Without doubt the usual choice refreshments received their full share of attention.

Wednesday night this week the M. E. Mothers Club met with Mrs. A. D. Hines. They enjoyed their usual pleasing program.

The Social Five Hundred will meet Thursday, January 7, with Mrs. Wm. Wilke for a happy "New Year party."

Arlington Girls and Alumni to Play Lombard Friday Night

The Arlington Heights girls and the Arlington Alumni will meet two Lombard teams at the Arlington high school gym, Friday night. First game at 7:45. Admission, 15 cents for adults. Don't forget, Saturday, January 16, Kraft's Okeoke's will play at the Arlington gym. Don't miss these two games.

Who Will Be First Citizen of 1937?

Nearly a week of the new year has passed as this is being written and as far as we can determine there has been no new citizens arriving in Arlington Heights since the first of the year. At least we have called all the local doctors and they have no births to report. Who will be the first new citizen to arrive in Arlington Heights in 1937? If you hear of any arrivals please report them to this office.

Small Fire At Harth Home

The Arlington Heights fire department was called out Tuesday evening to extinguish a roof fire at the home of Jacob Harth, 302 East Euclid street. Sparks from the chimney had started a fire on the roof. The quick work of the firemen kept the damage down to a hole in the roof of about a foot in diameter.

Ask For Seal Reports

With 400 letters still outstanding in the Christmas Seal sale, it is impossible for the Public Health committee to make any accurate report to the Chicago Tuberculosis Institute. Sales to date are at least \$300.00 under last year at this time. Considering the fact that many of the contributions which have been turned in are larger than in previous years, it would seem as the Arlington Heights might go over the top if you who have neglected to return yours will do so as soon as possible. The drop-box is still in the People's State Bank building for your convenience.

Quiet Meeting of Arl. Hts. Board

The Arlington Heights village Board held a postponed meeting on Monday, Dec. 28. The meeting which had been delayed because of the illness of three trustees, was a quiet affair with routine business taking up the evening.

A Mr. Greening from the south part of the village, came before the board and asked that culverts be put in on Central road to take care of surface water that stands on his property because of the cutting off of the drain tile during construction work.

The state highway department gave their permission for signs to be placed on the highway near the Lutheran school; the signs are now on the job right smack in the middle of the highway.

The police department reported upon its activity, the report showing 5 vehicle violations and 4 disorderly conduct cases, \$31.00 in fines were collected and four cases are still awaiting disposition.

The water department reported that a recent examination of the water supply, showed everything O. K. The report also showed that a water main had been repaired and that a certain number of hydrants had been flushed. The committee ordered the flushing of all hydrants in the village in order to clear up the mains and avoid any complaints about odorous or stagnant water.

The street committee reported on the erection of 200 feet of snow fence and they were already in receipt of a letter thanking them for the fence. Evidently these people must have had some sad experiences with snow drifts last winter. A stop sign had been repaired and a resident of Scarsdale petitioned for a street light in his neighborhood.

Bills and payroll to the extent of \$1,395.19, was approved by the finance committee and ordered paid. The November share of gas tax funds amounted to \$783.05.

The first payment on the Douglas avenue improvement was authorized, amounting to \$1,428.00 for work on a storm sewer. The Rock Road Const. Co. is the contractor.

The village is seeking a suitable place for the storage of Village equipment and this matter was left in the hands of a committee for investigation and recommendation.

Holiday Nut Shop To Remain Permanently

As a result of the very satisfactory trade favored the Holiday Nut Shop, 8 So. Dunton avenue, by Arlington Heights and neighboring residents during the holiday season, and in response to the many inquiries of customers, especially pleased with the exceptional quality of nuts supplied and the convenience of such a local store, Mr. Frank Katzke, proprietor, announces that he will continue business at the present address as his retail outlet.

In addition he will also hereafter make this his wholesale and general distributing headquarters for the nut business he has been conducting the past two years in Chicago and elsewhere.

Mr. Katzke states that nuts have greatly increased in demand in the food diet the past several years in season as well as out, in the regular rations, for baking and for fancy dishes for parties and special occasions.

Especially to be continued as specialties of the Holiday Nut Shop, will be the exceptional Jumbo Peanuts, which were in particular demand during the holidays, and in addition varieties of Jumbo and other salted peanuts and fresh coconuts.

Howard Sayers has returned to Illinois University after spending his vacation with his parents.

Mr. and Mrs. C. C. Compton and sons of Champaign, spent New Year's day and week-end at the Barrett home.

Mrs. L. Atkinson is recuperating from the flu at the home of her son, Raymond Atkinson. Her daughter, Mrs. Harvey Daggett with whom Mrs. Atkinson makes her home is just recovering from the flu also.

New Year's week-end brought guests to the home of Mr. and Mrs. Donald Costain. They were Mr. and Mrs. R. Y. Lyman and son and wife from Helena, Montana.

Mother's club was held Wednesday evening at the home of Mrs. Albert Hines.

Mr. and Mrs. Benjamin Riley and children, W. Wing street, were with Mr. Riley's mother in Chicago during the week of Christmas and New Years.

Eight little girls helped Jackie Pope celebrate her seventh birthday, December 29. They spent the afternoon at familiar games and some of their own devising, putting on an amateur show with no going to stop them. Just a happy time with birthday cake to make the party complete.

Mr. L. C. Utterback of Sigourney, Iowa, came Saturday and remained at the home of his son, F. C. Utterback for a few days.

Mr. and Mrs. Chas. Grandt and sons had New Year's dinner in Wheeling at the home of Mr. and Mrs. Fred Utphale. Sunday they were dinner guests of Mr. and Mrs. George Dieber. Both occasions being real treats to Mrs. Grandt, who has not been well.

Sunday was a red letter day for Mrs. Olena Samuelson. It being her birthday, her children and grandchildren came to join in her celebration at the home of her daughter, Mrs. Wm. Kopplin.

Miss Dolores Rizzi enjoyed a pleasant week-end with her friend Miss Marie Bull in Chicago.

Mr. John Pfingsten, State road is recovering from a recent illness. The holiday season was made pleasant for Mr. and Mrs. Wollmer, So. Mitchell for their daughters and husbands, Mr. and Mrs. Thompson of Madison, and Mr. and Mrs. Kenney of Peoria were with them.

A recent letter to Mrs. Pope from Mr. and Mrs. Forsen stated that they had reached Keosauqua, Washington, although they had encountered snow and difficult weather. They expect to visit relatives in Kelso for a few months.

CARD OF THANKS
The relatives of the late Grace Thomas, wish in this way to thank relatives, neighbors and friends for their kind expressions of sympathy and floral offerings, in their recent bereavement, also those who donated cars.

Annabelle Johnson
Mrs. Bertha Schuetz.

BOWLING NEWS

Don't forget the Arlington Heights handicap singles Saturday and Sunday, Jan. 9 and 10. 200 scratch, 2/3 handicap. Entry \$1.65. Enter 3 times, collect once. Three games across six alleys. Arlington Recreation, 8 N. Vail, Arlington Heights, Ill.

By HERB HAMMERL

Because the paper came out early, during the holidays, no scores appeared. I will give you some of the highlights during the past three weeks. Krause Market still maintains its lead of 1 game over Vail Tavern, who, by the way, have been doing some nice bowling of late.

Several new season high scores have been bowled, including high team game of 1068, bowled by Krause Market. High team 3 game series of 2990 bowled by Vail Tavern. High single game of 266 bowled by Al Carlson. "600 Series" have been appearing more frequently lately, and starting out with new pins the first of the year there should be a lot more 600 series shot.

Bad Peters is still setting the pace for individual honors followed closely by his teammate, Geo. Harris, with averages of 186 and 185, respectively. Park View Tavern is showing a marked improvement and should give the leaders a little trouble.

Monday night on 1 and 2, paced by Dixie Kehe with 616 and a 257 game, Vail Tavern won 3 games from Arlington Elevator. John "D" with 627 helped Park View take two games from Blatz, who are on the skids. Krause Market helped themselves to 3 games from Union Tavern and are still setting the pace by one game.

Dies After Long Illness

Alvina Thake of Elk Grove township, who has been in poor health for some time, passed away at the Elgin hospital, Sunday, Jan. 3.

Miss Thake was a life long resident of Elk Grove and a host of friends and relatives will mourn her death.

Miss Alvina Thake was born November 25, 1877, in Elk Grove township, and was baptized and confirmed in the Elk Grove Lutheran church. She always made her home in Elk Grove with her two brothers, Louis and Martin. Miss Thake became ill about two years ago and passed away at an Elgin hospital on January 3, 1937, at the age of 59 years, 1 month and 9 days.

She leaves to mourn her departure, 7 sisters and brothers, Mr. Henry Thake, Mr. Fred Thake, Mrs. Minna Linnemann, Mr. Martin Thake, Mr. Louis Thake of Elk Grove; Mr. Herman Thake and Mrs. Doris Redeker of Arlington Heights; 4 sisters-in-law; 2 brothers-in-law.

Funeral services were Thursday afternoon, January 7, 1937, at 1:30 p. m., at Karstens funeral home, of Arlington Heights and at 2:00 p. m. at the Elk Grove Lutheran church, Rev. Gehrs officiating; interment in Elk Grove Lutheran cemetery.

HOT SHOTS

YOU CAN'T GIVE YOUR guests a warm reception in a cold house. Get some of this good coal and stage a housewarming!

WOLF COAL CO.
PHONE 820-MT. PROSPECT, I.

Observer's Notes

The new year dawns through misty skies, its days unfold a vast problem of unproven immensities. Amid the wreckage of the past; We leave this language all unfit, For the plain stress of common things.

We leave it for a touch of wit, To pen thoughts where the kettle sings; Do not give up to whimper now, There's need of kindly work and true.

Thank God for this good gift and vow, Work, His great gift, so let us do and do.

Ever notice how restless and miserable you feel when forced by inability to go on with your work? It may agree with some people to do nothing but to others it is a great punishment.

Talk about growing old, nothing so hastens old age as to idly sit aside "dreaming and sighing, waiting the tide." Give up any incentive to do and you will grow old long before your time.

The holiday season has come and gone, yet we are not quite back to normalcy. Such miracles of radio entertainment from the ends of the earth, such marvels of the heavens, the new moon and the glory of the firmament. The wild hilarity of celebration of the new year who ever heard and the pity of the thoughtlessness in it all.

The kindly messages from friends near and far cheered many a lonely hour. Now what are we going to do with this new year? We try to urge the patronage of our home merchants and trades people, yet here they come with out-of-town shoppers to lure our people to the city to do their shopping, pay their fare in and back and pay as much, often more, for their purchases than if they had traded at home.

Heard one of our intelligent thoughtful citizens say he had forbidden the leaving of those out-of-town shopper sheets at his door. Good for him, wish all our people would be that loyal to the interests of our home town.

"There you go," says a friend. "Always boosting for Arlington Heights, and have the people of the old town ever done anything for you?" Isn't that a pose? When

one does for a good cause or a good purpose, it is not of self he is thinking, it is for the greatest good for the greatest number and the satisfaction is in seeing the work prosper.

Sure, Arlington Heights is a hummer, Let our realtors tell each new comer, That from east to west coast No climate can boast Such a mixture of winter and summer.

The amazing feature of this climate of ours is the rapidity of its changes. Think of going to sleep with April weather all about you, and waking in an hour with the wind blowing out of the north cold and frigid enough to throw a political debate into chills. O yes, our climate is as changeable as a politician's mind, if you can accuse him of having a mind.

If one was to judge from the boisterous burst of enthusiasm with which thousands of people greeted the coming in of the new year, they would be convinced to believe the good time coming had arrived. Dancing, feasting and all manner of unheard of extravaganzas, it would give more hope of better days if there had been stronger evidence of sober reason and intelligent thought.

It was good to hear someone reciting "Tennyson's Ring Out Wild Bells" and well was it given. "Ring out the old, ring in the new, ring out the false ring in the true." So may the new year prove this to be realized.

After the excitement of a king's capers runs out from across the sea, after hearing all the carols of all nations, how can one think clearly, comfortably and convincingly. We do long to make the New Year perfection. How can we when coal goes up and we have no bonus? Cheerio, away we go.

I scribble much in prose and verse, And for my friends I print it; I try to comfort with the terse Gold threads I weave within it.

Sometimes by trilling bits of song, Tragic may be or funny; All just because my love is strong, But not, O not for money.

I gather bits of everything, From social art or science, As bright drops trickle from a spring, For human needs compliance.

Trying to view the sordid crowd, Through kind and friendly lenses, And am quite happy if not proud, When we can meet expenses.

Asked a friend today if there was any new building or business coming to town. The reply was the new bank. That doesn't loom high or impressive on our landscape. Just now banks are not my specialty. Some were disappointed that we had no snow Christmas. Remember January, 1918.

Put your silly fears to rout, Up and try this new year out; If from it you much would win, Great must be all you put in; Help the need ones now down, Build for us a better town; Helping others often brings To ourselves the greatest things.

Do you feel a bit as if this were the day after? O, no, this is just the day before the beginning of a new program, chuck full of interesting activities. Our Congress convenes Tuesday, listen to the President's message and find how it differs from the one four years ago. Wonder if the newspapers will use the same old headlines.

We are watching to see how the new year will influence or build our own town. Will that long neglected sixth sense of which John Timothy Stone so forcefully addressed a high school graduating class years ago. The moral sense rule us this new year.

Will we obeying this sixth or moral sense determine to give honor where honor is due? Don't you think we could act and build for nobler, better things if our hearts were right. If we obeyed the Golden rule and loved our neighbor as ourselves? O let us strive to put a heaven of new and higher growth into this sodden lump of selfish greed.

When the anchor faith hath cast After dragging in the gale, We are quietly holding fast To things that never fail; We know that right is right, That harm still follows a lie; That love is better than spite, And a neighbor than a spy;

We know that all passions need The leash of a sober mind; And that each unselfish deed A sure reward shall find; That rulers must still obey That givers shall increase, And duty but lights the way For the beautiful feet of Peace; And fierce though fiends may fight, And though long the angels hide, God upholdeth truth and right With His universe on their side.

Wasn't it just tremendously worth while out of the racket and confusion of welcoming the New Year, to hear a strong sincere voice repeating Tennyson's "Ring Out Wild Bells," how good to hear the voice of Father Coughlin welcoming the new year in with the same strong true emphasis on "Ring Out the False, Ring in the True."

Why do we miss recognizing the good, the true, and sincere people we have in our nation? We heard the racket, the effect of drink, crazed fools and we forgot the true and worthwhile people were in more quiet ways greeting the New Year.

North wind comes roistering around, Cheek pouches full of snow, He blows our byways full of it In drifts all over the ground, What cares he when you go North wind worries not a bit, East wind blows your blood to chill, His lips loud shrieks you hear; A fiend that blights, say what you will, The east wind stifles cheer, Your warmest coat cannot ensure From the cold shivers you endure.

When south winds about you roar, From southern seas afar, They scream and whistle through your door, Nor measure the wild tide; Or turbulent pools so deep and wide, To know fierce storms they bore.

Of west wind we joy to sing Hail the cheer it bears; West wind brings us everything, Of good that mortal shares; Not the battling winds that strive, But pure breath for all alive.

North wind, well we know, Know the east and west; Hail them as they come and go; Bless their good and fear the rest, Strong against their force we brace, While we own their good we trace.

Every good the strong winds bring, Like the strength of boughs they bend, Bring the flowers and fruits of spring, Blessings without end; Breath and beauty and the force, Wreathed from their unseen source.

Winds that most my spirit wear, Are the little winds that nag; Racing, chasing everywhere, Like to folks who blow and brag, Senseless chatter beats the air, As they bluster, brag and blare.

Strong winds are like friends we know, Though our plans they sometimes cross, We're stronger for their opposing blow, Like the trees the wild winds toss, Let them bluster as they will Some wise purpose they fulfill, Elinore Crisler Haynes.

To Dog Owners

Because of the wide spread epidemic of rabies in this community, it is absolutely necessary that all dogs be kept confined.

There is grave danger to both children and adults if dogs are allowed to run at large.

The state quarantine is still in effect and dogs are being shot by State and County police. The township authorities will, from now on, destroy all dogs running at large. I am receiving reports daily of the spread of rabies and we must take decided action.

Chas. Grandt, Supervisor.

NEW BEAR ISLAND FOR BROOKFIELD

Construction work representing an approximate expenditure of \$115,000 is being pushed at the Chicago Zoological Park at Brookfield. The most recent project started at the park is the Kodiak bear island, the contract for which was approved by the Chicago Zoological Society a few weeks ago. The island is being built in the southeastern portion of the grounds at a cost of \$55,000. During December workers began clearing the space for the proposed island.

The new home of the Kodiak bears will be a roomy, rock-like formation surrounded by moats which will reach a depth of fifteen feet. On the island, space will be provided for a pool, seven feet deep and for retiring dens for the animals.

When completed the island will house the park's six Kodiak bears, listed as one of the most entertaining of the zoo's animal groups. Now three years old, the bears weigh about 800 or 900 pounds each. When full grown at the age of 14 or 15 years, each will tip the scales at about 1,500 pounds.

Another project which is claiming the attention of zoo officials at the present time is the new giraffe house, a building of concrete construction along modern lines.

Most of the work on the building itself has been completed, but several more months will be required before the entire giraffe enclosure has been finished.

The house will feature a departure from the ordinary type of flooring, zoo authorities point out. The terrazzo will match the giraffes' hides in coloring and design. In order that the public may be allowed an unobstructed view of the animals, four cables will be stretched across the front of the animals' stall instead of the conventional bars. Eight feet of space will separate the public from the stall.

A mural by Edgar Miller will supply an artistic background for the roomy stall. Work on the building will be followed by improvements in the yard surrounding the new giraffe house. Spacious outdoor quarters with protective moats are planned for the use of the giraffes.

According to an estimate made at this time, the construction of the house and the improvements of the outside enclosure will cost in the neighborhood of \$60,000.

Mountains Intensify Life

Mountain folk live a life of greater intensity than people in the lowlands. Life in the mountains causes all life processes to be intensified.

S. C. C. S. SPECIAL NOTICE

At this happy season of the new year, we join in the spirit of that and by special permission of the copyright, we wish you and yours a joyous New Year, together with this we bring glad tidings. You remember the result of our blizzard

dance held at the Mohawk Country club?

On Feb. 6, 1937, the S. C. C. S. choral society, will sponsor another dance at the Arlington Country club, so get your crowd organized. Remember the date, the place and watch for further details.

Ye Scribe.

HELP! HELP!

The Chatter Box
Coach Johnson's Bensenville high school 1936-37 heavyweight basketball team, though one of the smallest and most inexperienced in the school's history, became the first high school five to triumph over the alumnae...

The competition dates back to 1926... Lack of practice and proper conditioning told the story for the alumnae.

Incidentally, the three-year ruling on the alumnae was put into effect for the first time, which may or may not have had something to do with the outcome.

We don't mean to take away any credit due the high school boys, because after all, they played heads up ball, taking advantage of their opponents' misplays.

Duke Koppin, Arlington basketball star of a couple seasons back, showed some of his old time flashy floor work in helping his fellow alumnae take down Bensenville's grads in the co-feature to the B. C. H. S. Alumnae game.

A Koske, who starred on the court for the Bensenville high school team a few years back, jumped center for Arlington against his former high school teammates... Toney's two-hundred and twenty pounds have slowed him up considerably.

Elmer Johnson, all-around star at Leyden on 1927-28-29 teams, later pitcher-slugger and high-scoring basketball center at Northwestern, had his second good season with Crookston in the Northern League.

"Swede" hurled two three games in one week during August... the Cincinnati Reds have strings on him.

A couple of hot battles are on deck on the Lutheran League card this week... Itasca and Glenview on Wednesday, the winner of whom takes on Palatine for the first half title.

Wednesday night's game should be a scoring duel between A. Meyer of Glenview and E. Mensching, Itasca, who are one-two in the individual scoring race with one hundred and twenty-seven and one hundred and nine points, respectively.

The Northwest conference swings back into action after a brief holiday respite, Friday night, Jan. 8, with Arlington's five at Wauconda and Bensenville at Lake Forest.

Bison Grads Take One

Beat Des Plaines 36-33

The Bensenville alumnae team traveled to Des Plaines Tuesday night, Dec. 29, in a last minute effort to get in some practice prior to their following night's game with the high school. Despite the fact that some of the players were playing together for the first time, Bensenville played a smooth passing game, breaking through the Lutheran church league entry often for set-up shots.

Kaitschuck of Des Plaines and N. Kouzmanoff of Bensenville put on a personal scoring duel with the former emerging the victor by a point with seven baskets and three free throws for seventeen points. Kouzmanoff bagged himself eight baskets for sixteen counters. A. Kouzmanoff and Gutnick also scored well for the victors, while G. Dierking, Freeman and H. Dierking passed, well to feed the scorers.

Bison Grads Lose Home Coming Game

Old Timers Also Beaten

By T. KOUZMANOFF
Coach Johnson's fighting heavyweight Bensenville high school basketball team, making a valiant last ditch stand, scored an unexpected but brilliant 27-21 victory before a good-sized, enthusiastic homecoming crowd Wednesday night, Dec. 30, on the other game on the evening's card B. C. H. S. alumnae of over three years hooked up with Arlington's alumnae in one of their old time close ball games with Arlington emerging on the long end 24-19.

N. Kouzmanoff Leads Alumnae In Opener
Drafted by the older grads in the curtain-raiser to jump center, Nick Kouzmanoff, 6 foot two member of last year's tall high school team, played a fine game. Though connecting for only a basket and a free throw his passwork figured in on much of the scoring.

Unable to stop the flashy Duke Koppin of the visitors Bensenville found themselves trailing 14-7, at the half, looking tired and sorely in need of practice and proper conditioning.

The Bison Alumnae outscored their opponents 12-10 in the second half mainly through the efforts of their guards, Gutnick and H. Dierking, who counted for four points apiece. Howie Dierking, displaying some of his old flashy floor work, led the losers with a basket and four free throws for six points.

Alex Kouzmanoff, holder of the all-time Northwest conference individual scoring record for a season's play, and star of the 1932 high school five, hampered by an injured foot, failed to put on one of his long-range and over head shooting exhibitions for which he was famous.

The Arlington Alumnae put up a rugged defense to keep the Orange attack well bottled up. Frank Brodman and George Schaefer also showed well for the victors.

Laurie Schriver Leads In Upset of Alumnae
In the other game of the evening Johnson's Bisons played their best game of the year to down the Alumnae 27-21, marking it the first time a high school five had triumphed over an alumnae team in the ten years of high school-alumnae competition.

Schriver, giving one of the finest performances of his high school career, led the school with four baskets and three free throws for eleven points. Art Levenez was a good co-worker with three baskets and a free throw.

The high-schoolers, playing a type of basketball unusual to them, spirited and with flawless passing, gave an encouraging exhibition. Thomas turned in his usual steady game, contributing two baskets and a free toss.

Scoring among the losers was well distributed. Pilgrim's five points being tops. Tommy Freeman, Scott Kinnamon and N. Kouzmanoff also turned in good games.

The high school five's return to conference was Friday night, Jan. 8, at Lake Forest.

Scouts To Hold Annual Banquet

An interesting program is in store for those who attend the annual banquet and council meeting of the Northwest Suburban Council Boy Scouts of America, which will be held on Thursday, January 21, at the Maine township high school, Des Plaines.

An entirely different type of program is being arranged for this year, in that the business session will be held separately from the dinner program and all of the business of the annual meeting will be held at this special session which will meet at 6:30 p. m. All members of the Northwest Suburban Council are expected to attend this business session for the purpose of the election of officers and council members for 1937.

The annual banquet will be served at 7:00 p. m. and the program of the evening will be one of inspiration and entertainment, with no formal reports to be read and no business to be transacted.

The speaker of the evening will be Mr. George E. Chronic, of Chicago, Deputy Regional Scout Executive. Before joining the staff of Region Seven, Mr. Chronic was Scout Executive at Sandusky, Ohio, where he served with great success. He has had considerable experience in Scouting in territory similar to that of the Northwest Suburban Council.

Other features of the program will be the presentation of Scoutmaster's key to Edward H. Stehman, of Tr. 1, Park Ridge; the presentation of the Silver Beaver, a special award for distinguished service to boyhood and the installation of the officers and Executive Board members, who were elected at the business session.

Another very important feature will be the presentation of the Silver Beaver, a special award for distinguished service to boyhood and the installation of the officers and Executive Board members, who were elected at the business session.

Special musical numbers will be presented by a number of musical groups of the Maine township high school, under the leadership of Mr. E. M. Harley.

Tickets for the banquet are 75c and may be obtained from the Scoutmaster of any troop, from members of the Commissioners' staff and from Scout headquarters. All scouts, Cubbers, parents of Scouts and Cubs and friends of scouting are cordially invited and urged to attend.

Pillow for Feet

Up to a century ago in Europe numerous peasants slept with their feet—instead of their head—on the pillow, in the belief that the feet did the harder work and, therefore, were more entitled to comfort, says Collier's Weekly.

WHEELING

The F. W. Welfin and J. Spitzbart families visited relatives at Fox River, Wisconsin, during the holiday.

Mr. Rollin Johnson and Miss Marcella Johnson visited their father at Medinah Junction during the vacation period.

About 30 young people of the Presbyterian church enjoyed a holiday party held in the basement of the church last Monday evening.

Mrs. Geo. Sicks entertained the Volz and McWharther families of Arlington Heights at dinner on New Year's Day.

Miss Marion Wolf of Kenosha, visited at Childerley over the weekend.

Vacation season having passed the college young people have returned to their studies as follows: John Sicks and Rollin Johnson to University of Illinois, Miss Alice Larkin to University of Wisconsin, Robert Kruse to Iowa State college and Robert Bingham to University of Minnesota.

The Elmer Geiske family spent New Year's with relatives in Barrington.

Friends here were sorry to learn of the death of Miss Rena Haben at her home in Chicago on New Year's Day.

PRESBYTERIAN CHURCH

Morning worship, 10:55 o'clock. This being the second Sunday of the month the members of the upper room classes will share this service.

Sunday church school for primary room 9:30.

Evening service 7:30 o'clock.

Junior choir rehearsals Saturday 2:30 p. m.

Adult choir rehearsal Friday evening, 7:30 o'clock.

County Plans

Big Road Program

Cook county is considering a plan for the expenditure of nearly \$14,000,000 on a five year road building program.

The program would include many street widening, underpass and bridge projects in addition to any new roads that may be contemplated. The new plan Major Quinlan explains, would take the place of a five year plan begun May 2, 1934, which, because of grants of federal funds, is now 90 per cent complete and will be finished in 1937; two years ahead of time.

The proposed new plan calls for an outlay of \$13,824,000 and would be started probably in 1938, according to Major Quinlan.

LOCAL COMPANY

DECLARES LARGE DIVIDENDS

In keeping with these times of Bonuses and Dividends, the Board of Directors of the Lake-Cook Farm Supply Company, at a recent Board meeting, declared the biggest dividend ever declared by that Company. With a volume near the half million dollar mark and earnings of over \$41,000, the Board declared dividends that will put \$32,000 in the pockets of farmer stockholders of Lake and Cook counties.

The Lake-Cook Farm Supply Company was organized in Grayslake, in 1928, and has enjoyed nine years of almost phenomenal growth, with warehouses and bulk plants at Grayslake, Lake Zurich, Roselle, Arlington Heights, Tinley Park, and Blue Island. At present they are contemplating the erection of a new warehouse and bulk plant at Des Plaines. Thirty-two employees carry on this large business of servicing the farmer members.

The dividends declared by the Board will be paid to the stockholders at a huge annual meeting to be held at the Masonic Temple at Des Plaines, Illinois, on Thursday, January 21, 1937.

Many a youngster who would not think of stealing a ride on the tailboard of a truck will hitch his sled to a car in order to enjoy a thrilling free ride. That's one of the winter hazards drivers must think about during the next month or two.

It is a great temptation to be big-hearted and let the kids have their fun, but think what it means when you suddenly decide to turn a corner and the sled on which the youngsters are riding sideswipes another car going in the opposite direction. Serious injury or death may be the result.

If you really love children you will discourage this practice. Make it a habit to look back now and then to see that you haven't picked up a couple of joy riders.

Children are care-free, ambitious, and daring. You must protect them.

Real Estate Transfers

A slight movement in real estate in this territory is evidenced by the following recent real estate transfers. With the approach of spring considerable activity is expected in the real estate market, as many persons are making inquiry regarding country property, especially farms and small country plots.

Elk Grove

Herman M. Pfluger to Geo. A. Brady et al, part of SE 1/4 29-41-11.

Schaumburg

Martha H. Berndt to Laurence D. Ely SW 1/4 18-41-10.

John H. Goebel to William Wiese SE 1/4 SW 1/4 ex. E 10 acres and ex. W. 14 acres 28-41-10.

Palatine

Wm. Langhorst et al to Wm. Kehe Jr., and Bertha Kehe, part NE 1/4 34-42-10.

All of the above transfers show nominal considerations.

Will 1937 Be Your Lucky Year?

If you believe in signs and calendar prophecy, 1937 is destined to be a lucky year. People who get paid on Fridays are especially

lucky for there will be 53 Fridays in 1937. And the old Friday, the 13th jinx will only make his appearance once during the year and that will be in August.

In January, May, July and October, there will be five Saturdays, good news for those who have Saturday pay days.

There is also good news for those who like to see their holidays come on Saturday or Monday so that they get a double day off period. There are a lot of such "double" holidays this year. Next Christmas and New Years will come on Saturdays; Memorial day and Fourth of July fall on Sunday, which will

mean a Monday holiday observance. Washington's birthday falls on a Monday.

So if you can keep well and avoid the flu and keep on a pay roll and get in on all those 53 Fridays or five times a month Saturday pay days, old 1937 may turn out to be a lucky year for you.

AN INVITATION

We extend to you a cordial invitation to avail yourself of our more than 15 years successful real estate, building, and insurance experience. Here you will find a personalized service, assurance of competent consultation and representation, with highly satisfactory RESULTS

How Pure Milk Farms Produce Worlds Best Milk

IT IS TRIPLE GUARANTEED MILK

Pure Milk Farms have pledged themselves to produce pure milk for you. They maintain their own scientific milk laboratories and their own staff of trained inspectors and field men. They comply with the rigid health requirements of the cities, towns and villages where their milk is sold.

This means:

- healthy, inspected cows
- light, well-ventilated, clean dairy barns, with floors of concrete or similar material, and whitewashed or painted walls
- clean, screened separate milk-cooling room

—all milking equipment and utensils bacterially treated just before and right after milking

—clean cows, clean milkers, clean clothing, covered transportation of milk—regulated cooling methods

The result is pure, fresh milk, the best supplied to any city, town or village in the world.

FREE BOOKLET

Find out if your milk comes from Pure Milk Farms. If not, write today for large list of dairies obtaining their milk supply from Pure Milk Farms and copy of FREE Booklet "How to Diet for Health and Beauty."
